For weekend service, use the P line for service to Downtown; Q line for service from Downtown.

\* When the arrival and departure times are the same, we suggest you let the driver know that you are transferring. In some cases the same bus may continue on that line. If not, the driver can ask the driver on the connecting bus to wait.

\*\* During Regular service, the P and Q lines continue on the same line after stopping at the MU Terminal for 10 minutes. So you can usually just stay on the same bus to get to or from downtown.
